

STATE SUPREME COURT DECISIONS

TOTAL OF SIXTY-EIGHT HANDLED
DOWN FRIDAY.

One Section of Fish Law Declared
Void—Law Prohibiting Liquor
Sold Close to Soldiers' Home Is
Legal—Upheld Civil Service Law.

Springfield, Ill., Feb. 23.—A total of sixty-eight decisions were handed down by the Illinois state supreme court today, included in the list being a number of important cases. In the case of the People vs. The Booth Fisheries company, involving the constitutionality of fish law, the statute is upheld so far as it prohibits the sale of game fish in Illinois, but the court declares unconstitutional that section prohibiting the transportation of such fish caught in foreign waters. The Booth company, a Delaware corporation, was fined on four counts at Chicago for selling pike caught in foreign waters and for transporting fish from Chicago to Iowa, which were caught in Minnesota and Canada.

Anti-Liquor Law Valid.
In the case of the People vs. Kaelner, convicted at Quincy for violation of the state law prohibiting the sale of intoxicants within two-thirds of a mile of the lower court is affirmed. **Civil Service Law.**

The court upheld the state civil service law in the case of the People ex rel Gullett et al. vs. State Auditor McCullough, in which the constitutionality of the act was questioned insofar as it applies to the employees of an elective state official. Gullett is a clerk in the office of Secretary of State Rose and sought to mandamus the state auditor to pay his salary without certification by the civil service commission.

Spring Lake Remains Open.
Spring Lake, near the Illinois river in Tazewell county, will remain open to the public as the result of the decision in the case of the People vs. The Spring Lake Drainage and Levee district. The case has since the courts of the state since 1905, when two bills in equity were filed, one enjoining the drainage district from draining the lake and the other enjoining the state from interfering with the project. According to agreement the cases were consolidated and the lower court entered a decree dismissing the state's bill and granting the relief asked for by the drainage district, with the stipulation that the lake was not to be closed to the public. Instead of complying with the terms of the stipulation, the drainage district constructed a concrete dam across the entrance to the lake and the state asked for another restraining order. This was also dismissed, and an appeal was taken.

The drainage district is one of the largest in the state and already thousands of dollars have been expended on the project. Today's decision of the supreme court will make it necessary that the plans for draining the lake be changed and probably the construction of locks in order to maintain a navigable depth of water in the lake.

In reversing the decree the supreme court directs that the lower court enter a decree granting the state a perpetual injunction.

Joke on Politicians.
Chicago, Feb. 23.—President Frederick Greer of the civil service commission said tonight that the supreme court decision seemed to him to be a joke on the politicians.

"The supreme court on the approval bill for the University of Illinois has effect upon the Cook county civil service law is entirely without foundation as regards the entirety of the law."

"I am informed that this entire measure with the exception of Section 11, which refers to exemptions, was read three times in the amendments printed. The only section of the law that did not comply with this rule was Section 11, which exempts the assistant county attorney, the judges and clerks of elections, the jailer, an assistant sheriff and chief deputy and confidential clerk, all assistant attorneys in the state's attorney's office, the auditor of the county board and the coroner's chief positions."

"It is statement is true that all other sections of the law and the measure read three times and the supreme court decision in the University of Illinois case is extended to cover the positions exempted by the politicians will be automatically placed under civil service."

PROMISES TO "BE GOOD."
Chicago, Feb. 23.—Violet Buehler the 16 years old girl who ran away from her foster mother, Mrs. Herman Buehler, Nov. 25th and was found in New York weeks later, to day promises the juvenile court judge that she would "be good" and was turned over to her real mother, Mrs. William Holzappel. A parole officer of the court will watch over her.

INVESTED DEPOSITS IN HIS BANK

Light Thrown on Methods of William
A. Mason Whose Bank Was Closed
Last Week.

Chicago, Feb. 23.—Light was thrown on the financial methods of William A. Mason, president of the Wilson Avenue bank which was closed last week, in a hearing today before Referee in Bankruptcy Wean. Mason admitted that he had invested \$11,000 of deposits in his private bank in various companies, on none of which he had received dividends. In his examination Mason, whose disappearance led to the closing of his bank and his subsequent appearance in the bankruptcy court, admitted that he never made a financial statement of the bank's condition to anyone.

Enumeration of his assets at the time the bank was formed placed them at \$10,000. He said he had received about \$40,000 in deposits. He said he kept no investment account and that he simply used the money and charged it to himself.

Mason told of some investments enumerating amounts put into a calculator company, sums spent in buying ocean grove lands, real estate in various parts of the country and other ventures he said he had lost about \$2,000 in grain deals.

TRADE REVIEW

Many Buyers in Leading Markets
And Trade Shows Further Slight
Expansion.

New York, Feb. 23.—Bradstreet tomorrow will say that business in the leading markets this week and as a result horse trade has shown further slight expansion with drygoods and millinery figuring to best advantage. On the other hand road sales have been deterred by unfavorable weather conditions.

The west and southwest have suffered most where early spring sales at retail were beginning to stir. Set backs have been experienced though winter goods were helped to a good degree, thus making further inroads on already light stocks. Moreover, visiting buyers still display noteworthy leaning to conservatism and such being the case, the outlook remains to favor steady rather than voluminous trade. In the drygoods markets demand from retail merchants is broadening.

In the iron and steel lines prices on finished products still tend to weaken and there is little or nothing being done in pig-iron. Business failures for the week ending February 22nd were 238 against 205 last week; 228 in the like week of 1911, 254 in 1910, 244 in 1909 and 311 in 1908.

HUNTER SHOT.

Right Arm and Part of Shoulder
Torn Away.

Elgin, Ill., Feb. 23.—Harry Klein, 25 years old, walked and crawled more than a mile for assistance near the town of Gilbert late today, after his right arm and part of his shoulder had been shot off in a hunting accident. Klein fell unconscious on the steps of the Gilbert postoffice. He was taken to St. Joseph's hospital in Elgin, where it was said he probably would die from exposure and loss of blood.

Klein was hunting alone when the accident occurred. It is believed that his shotgun was discharged as he was climbing a fence. Several men followed the bloody trail from Gilbert through the woods and across creeks and fences to the point where the gun was found.

FAVORS STRONG NAVY.
Washington, Feb. 23.—President Taft speaking at the peace meeting of the navy league here today declared himself in favor of a strong navy and that the time had come for this country to be economical at the expense of adequate naval establishment; expressed hope that the present congress would authorize the construction of two battleships and said that he gladly would sign the bill that carried such an authorization.

THE KIMMEL TRIAL.
St. Louis, Feb. 23.—The claimant in the famous Kimmel insurance case in the United States district court here today reached the climax in a dramatic hearing to day when he swore to the witness stand that he is the Geo. A. Kimmel whose mysterious disappearance from Arkansas City, Kans., gave rise to the present controversy.

He fixed the date of his birth as Feb. 1st, 1867. (Mrs. Kimmel testified that her son George's birthday was February 17th.)

INQUIRY HALTED

New York, Feb. 23.—Investigation of the New York Mercantile Exchange in the court of general sessions, prompted by charges of a conspiracy to fix the price of butter and eggs, was abruptly halted today by counsel for the exchange. An order was obtained from Justice Davis of the supreme court commanding Magistrate Murphy and Assistant Attorney DeFord to show cause on Monday next why the investigation should not be stopped on the ground that it is illegal.

KILLED BY TRAIN.
Sterling, Ill., Feb. 23.—Former Senator Virgil Ferguson was struck and killed today by a Chicago & Northwestern train here.

Postmaster James O. Meredith was a business visitor in Jacksonville yesterday.

TELLS OF EFFORTS MADE FOR MERGER

OFFICIAL OF PACKING COMPANY
TESTIFIES AT TRIAL.

Plan Fell Through When They Were
Unable to Purchase Enough Stock
of Independent Company to Control
the Concern.

Chicago, Feb. 23.—Frederick Joseph, formerly vice-president of the Schwarzschild & Sulzberger company and at present head of the New York Butchers' Dressing Beef company, related to the jury in the packers' trial today the efforts made by the defendants and their representatives to obtain control of competing concerns. He said that in 1902 he and Ferdinand Sulzberger entered into a contract with Attorney L. C. Krantzoft and A. H. Veeder, representing the Armour, the Swift and the Morris interests for the sale of a controlling interest in the Schwarzschild & Sulzberger company, but the attempt of the Chicago packers to acquire the business of the independent concern was unsuccessful.

The government then produced a contract made November 25, 1901, by Edward Tilden, president of the National Packing company, with Frederick Joseph and his son, Moses H. Joseph, for the purchase of a controlling interest in the Schwarzschild & Sulzberger company. Under this agreement 3,000 shares of stock were sold to Tilden for \$175 a share; but the witness said, they were unable to purchase enough stock to control the concern.

The witness testified that in 1907 he entered into a contract with Edward Tilden for the purchase of a majority of the stock of the New York Butchers' Dressing Beef company. "The control of this concern was acquired and transferred to Tilden, the witness said, and later operated by the National Packing company as an active competitor of the Schwarzschild & Sulzberger company in New York city.

MINEDELEGATESCLASH

Frank Farrington and Adolph Germer
Have War of Words—Many
Miners Out of Union.

Springfield, Ill., Feb. 23.—A clash between Frank Farrington, Secretary of the International executive board member, and Adolph Germer, Belleville, detached candidate for the vice presidency, marked the proceedings of the convention of the United Mine Workers of Illinois this afternoon.

Farrington precipitated the colloquy in defense of his act in signing a retraction made to ex-President T. L. Lewis of the International Union before that official allowed him to be seated on the board when he was president two years ago. Farrington, according to his own statement, consistently fought the election of Lewis and made statements which had resulted in Lewis refusing him his seat until the retraction came. Farrington stated the condition of the Illinois miners, who were then on a strike, overcame his personal views and he made the retraction so that a tool of Lewis might not be appointed to his place.

Frank J. Hayes, international vice-president, now of Indianapolis, formerly of Collinsville, and once secretary-treasurer of the Illinois district, addressed the convention. Unemployment was the principal theme of his address. Hayes stated that 400,000 miners who are not affiliated with the union. "These are mostly in Tennessee, West Virginia and Alabama, where he said men worked in the mines, twelve to sixteen hours a day, and are paid, some of them only \$1.25 per day. If these men, he claimed, could be brought into the union, the unemployment question would be largely solved, and a big step would be taken towards securing a six-hour day and a twenty-five per cent increase for all miners."

He also advised political activity as one of the surest means toward accomplishing the desired ends for labor. The Berger old age pension was endorsed by him.

A resolution was reported favorably by the resolutions committee, which provided that safety conditions in the mines should be placed entirely in charge of state mine examiners, but was defeated when opposed by President Walker.

Among the resolutions adopted was one urging the passage of the Berger old age pension bill.

TRIED TO SELL WATER TOWER.

Ohio Farmer Saved of Being Defrauded
by Policeman.

Chicago, Feb. 23.—Policeman Michael Mulven, who beat a run past the old Chicago water tower in Lincoln boulevard, today overheard three men dickering for the sale of the tower. One of the men, who looked like a farmer, thought \$5,000 was too much. Mulven listened a few minutes and then took all three to the police station. One of the three, Lloyd Moulds, 24 years old, a farmer from Columbus, O., said he had met the other men and had gone to see the sights with them. He had intrusted \$25 to them "to see a trick which needed \$50 for its execution."

The two men who gave their names as Joseph Quirk and Edward Clarkson, supplied the other \$24 and Mulven said had interested Moulds in the sale of the water tower when he interrupted the transaction. Moulds was advised to be careful of the \$25 which was returned to him at the police station.

REPUDIATE MINISTER

Columbia Sends Cordial Invitation
To Secretary Knox To Visit Its
Shores.

Washington, Feb. 23.—Columbia today virtually repudiated the action of its minister, General Ospina, by sending through American Minister Duleis, at Bogota, a cordial invitation to Secretary of State Knox to visit Colombian shores on his present trip to the republics on the Caribbean sea. The invitation was forwarded promptly to Secretary Knox who is aboard the Cruiser Washington on his way south. With him rests the decision whether he will change his itinerary to include a call at the port of Cartagena. This, it is accepted here, he undoubtedly will do.

The action of the Colombian foreign office was received here with satisfaction. It closes a disagreeable incident.

Although press despatches from Bogota announced that Minister Ospina had been recalled because of his letter, no official notification of the action has reached Washington. The state department professes ignorance of the matter and the Colombian legation continues to protest that no word has been received.

Knox Changed Plans.

Key West, Fla., Feb. 23.—Just before sailing from here this afternoon on his diplomatic mission to the Central and South American republics, Secretary of State Knox announced that he had changed the plans for his itinerary and would proceed direct to Colon instead of stopping at Port Antonio and Kingston, Jamaica.

ROOSEVELT STILL MAN OF MYSTERY

Spent Day at Office in New York,
but Had Nothing to Say
About Politics.

New York, Feb. 23.—Not a word about Theodore Roosevelt said today about politics. He spent the day at his editorial office, preparatory to starting to-morrow morning on a rather mysterious trip to Boston. Col. Roosevelt is to spend five days in Boston, but declines to say what he is to do there or where he will visit friends and give the literary side of his make-up an airing by talking books with some literary people.

Col. Roosevelt's reply to the western governors who requested him to state his position in regard to the presidential nomination is to be given out during his absence. It was suggested to the colonel that the reason he was going to withdraw from public view in Boston was to escape from the committee which in his letter to the governor might cause. He smiled and said nothing.

ENGINEER DISCHARGED.

Champaign, Ill., Feb. 23.—Robert K. Stuart, for 23 years an engineer on the Illinois Central railroad was discharged today because of the wreck at Kinmundy, Ill., in which J. T. Harlan, president of the road, and three others were killed. Stuart had never before had a wreck in any of his runs and he had hoped his record might influence his retention.

John H. Brainerd, conductor, and Henry J. Broecker, flagman, also were discharged.

ENDS IN LOVE FEAST.

Clark and Wilson Divide Oklahoma's
Delegation.

Oklahoma City, Okla., Feb. 23.—Oklahoma's Democratic state convention which began yesterday afternoon with all indications pointing to a bitter factional fight, ended late today in a political love feast, the selection of a split delegation to the Baltimore convention and the election of Roger Galbreath of Tulsa, uncommitted as to his preference for presidential nominee as national committeeman.

Each of the twenty delegates from the state will have half a vote, the delegation to be divided equally between Clark and Wilson. Should either candidate withdraw all the votes will go to the remaining candidate.

PLACED ACID IN MILK BOTTLES

CAUSED DEATH OF EIGHT INFANTS
IN HOSPITAL.

Mystery Solved by Confession of Woman
Who Wanted to Get Square
With Nurses—Is Believed by Police
to Be Demented.

New York, Feb. 23.—The mystery of eight deaths of babies in the Brooklyn nursery and infants hospital was solved to night, the police say, by the confession of Winifred Ankers, a kitchen woman at the hospital, admitting that she placed oxalic acid in the babies' milk bottles.

The alleged confession was obtained by a police lieutenant and detective after two hours examination of the woman, who had been under surveillance since autopsies developed the probability that the infants had been poisoned.

"On Saturday night, after the bottles had been prepared for the babies," the police version of the confession runs, "I put two or three drops of oxalic acid into the bottles. I did not do it with intent to kill the babies, I wanted to get square with the nurses who were my enemies."

The police believe the Ankers woman is demented. Her story they regard as true, however, and it was officially stated that she would be arrested on charges of homicide to-morrow. It was considered advisable to leave her at the hospital to night under guard.

Winifred Ankers is 24 years old. She came to the hospital last July with her infant and after placing the baby in care of the hospital found work in the kitchen. She had been regarded as a phlegmatic sort of character, but occasionally displayed temper, complaining of the small pay and poor food she said she received.

MONEY TRUST INVESTIGATION

House Democrats Have Reached a
Compromise and May Dispose of
Question To Day.

Washington, Feb. 23.—Democrats of the house have compromised on the "money trust" investigation, and probably will finally dispose of the question to-morrow.

Opponents of the Bryan plan for the investigation by a special committee insist that the compromise is one of phraseology only, while Representative Henry, chairman of the rules committee, who led the fight for an inquiry by a special committee, insisted of by studying committees of the house claims a victory.

Representatives of both sides today expressed satisfaction, however, over a re-draft of the resolution introduced by Representative Pujol, chairman of the banking and currency commission, to which will be referred the major portion of the investigation. It was made by the Democratic members of the rules committee.

The original Pujol resolution provides merely that there be an inquiry into financial conditions of the country and as to what financial legislation might be necessary. This was by direction of the Democratic caucus in which it voted down the resolution of Representative Henry, which charged the existence of the money trust and included a long list of allegations of control by the money power.

After many days of fight, the Democratic members of the rules committee to day agreed to insert in the Pujol resolution a clause that the committee on banking and currency also be directed to inquire into matters "touching upon" in house resolution No. 405, as may come within their jurisdiction.

House resolution, No. 405, is the Henry resolution, which was turned down in the caucus.

Though the resolution to be reported to the house tomorrow will contain no specific mention of the Henry allegations of the power of the "money trust" the reference to changes in the resolution has done much to smooth over the party quarrel, although the rules committee chairman is still disappointed because the inquiry was not referred to a special committee.

The same subject will be considered also in the senate tomorrow before the inter-state commerce committee when Samuel Undermyer of New York, who made the original charges before the house rules committee, will appear to discuss the subject in connection with a general trust investigation.

BANK BUILDING WORK PROGRESSES.

Many Spectators Watch as Rapid
Work Develops New Home of
Ayers Bank.

Work on the Ayers National bank building is being pushed forward now very rapidly. The masons are laying the brick of the sixth story and the window frames were being fitted in yesterday. A great many spectators, yesterday, watched the progress of the work and all were interested in noting what a great saving of labor is made by the use of the elevator and by the use of the engine for hoisting all heavy materials. The work is moving along so well that announcement has been made that W. E. Veitch is to be manager of the building and that he is ready to talk to prospective tenants about any special arrangements they may desire.

LAWS PLACED IN JEOPARDY

COURT DECISION MAY AFFECT
MANY STATUTES.

Brought About by State Supreme
Court Declaring Unconstitutional
Act Approprating Money or
Medical College at State University

Springfield, Feb. 23.—In declaring unconstitutional the act making an appropriation of \$60,000 for the medical college of the state university, the Illinois supreme court, by its action to day creates a situation unparalleled in the state's history. The decision, while directly affecting but the one statute places in jeopardy scores of laws which were jammed through to passage during the closing hours of recent general assemblies.

Included in the list of laws amendable to such attack is the primary election law, the commission form of government act, the bills creating the state board of arbitration and the state board of pardons, the congressional and senatorial apportionments of 1901, the Cook county civil service law, the Chicago charter act, the public school act, and scores of other laws now in force in the state.

One of the complexities of the situation created by the court's decision is the fact that the legislature which may be called together in special session to meet the situation thus presented, may, in itself be an illegally constituted body under the decision of the supreme court.

Members of the assembly are representing districts created by the senatorial apportionment bill, passed by the legislature in 1891, and this was one of the acts cited in the brief filed by Attorney General Stead in the Nieberger case, as open to the same form of attack as that made by Nieberger against the medical college appropriation bill.

Attorney General Stead is in Chicago and no opinion could be secured from him. Assistant Attorney General Dempsey, who helped prepare the state's brief in the case, declined to discuss the probability of the governor calling a special session of the legislature, stating this was a matter upon which the governor alone should speak.

Mr. Dempsey expressed the opinion the decision does not affect any other act, necessarily, than the medical college appropriation bill. He admitted though, as an evident fact that any other act which was passed in identical the same manner, would be open to the same form of attack as was made on the university bill.

"I am inclined to think," added Mr. Dempsey, "that most of the bills which it was thought would be affected by the decision have distinguishing features, and that the situation is not so serious as one might think."

TURN STATES EVIDENCE.

Sluggers Tell Stories to Keep Out of
Penitentiary.

Chicago, Feb. 23.—Witnesses in Judge M. L. McKinley's court today disclosed the inner workings of a gang of labor sluggers, at the trial of William J. Boener, former organizer for Chicago typographical union No. 16, who is charged with the murder of Rush V. Denon, a non-union printer.

The principal witnesses were Samuel Cassidy, Joseph Wilkin and Edward Barrett. All said they had been hired by Boener to slug non-union printers through "Chicago Jack" Daly, a former prize fighter. The price paid for each man they "got," the witnesses testified, was \$10. Sluggers were in the gang that attacked Denon while he was on his way to the W. E. Hall fraternal company on January 18, 1911. All have turned state's evidence to save themselves from the penitentiary.

LEAP YEAR SOCIAL.

The Epworth League of Ebenezer M. E. church gave a "Leap Year Social" Friday evening at the home of Mr. and Mrs. Charles Martin, north of the city. One of the amusing features of the evening's entertainment was the writing of prophecies by the young ladies. The young men were first given paper hearts and asked to write their names on the back of these. The hearts were then given to the girls, who were asked to write their proposal on the other side of the heart, the same being directed to the young man, whose name corresponded. A progressive march was another feature and music was also enjoyed. Refreshments consisting of doughnuts and apples were served. The evening in every way was a most pleasant one for the large company of young people present.

TEAM BROKE LOOSE.

A team of horses belonging to Charles Gunn, broke loose from the hitch rack on Morgan street, last night, and ran down North West street, tearing up the buggy to which they were hitched. The horses then ran farther and were finally caught and taken to Cherry's livery. Mr. Gunn was attending the basketball tournament and did not know what had happened until about 11 o'clock when he went to get the team to start home. One of the horses was scratched up considerably and the buggy was badly demolished.

BROUGHT SUIT TO COLLECT COSTS

Interesting Case Heard in Court of Squire Petelish at Liberty—Squire McCarty a Party to Suit.

A suit to recover costs of a previous suit brought by Squire D. K. McCarty of Crackers Bend against Mr. and Mrs. Samuel Crowther was heard Friday afternoon in the court of Justice of the Peace Harry W. Petelish at Liberty and held the attention of an interested audience. There is considerable history back of the whole matter and the story takes its setting in the courts of three country squires.

Justice of the Peace Guy Dinwiddie of Arcadia figures in the first chapter. A case in which Mr. and Mrs. Crowther and Robert McNewell were the parties was brought before him and a change of venue taken to Squire McCarty at Lone Oak. After the taking of evidence the justice endeavored to effect a settlement and thought that he succeeded. The suit was over the matter of yielding possession to a house. The parties signed an agreement before Squire McCarty to settle without process and it is said agreed to pay back costs. As time passed the costs were not paid and Crowther refused to make any settlement, saying that he signed no such agreement.

Squire McCarty then brought suit against Mr. and Mrs. Crowther to recover the costs amounting in all to \$7. The case was brought in Squire Dinwiddie's court last week and a change of venue was taken to the Petelish court. At that time a continuance was granted until Friday when the trial came up. Squire McCarty was sick and unable to appear, but was well represented by "Capt." George Taylor, Mr. and Mrs. Crowther appeared as their own attorneys. James Ator, Sylvester Austin, Gailther Austin and a man by the name of Hayes were the witnesses. After hearing the testimony Squire Petelish rendered judgment in favor of Squire McCarty. It is said that the Crowthers are now talking of appealing to the circuit court. It is Mr. Crowther's contention that the clause relative to paying the costs was not in the agreement when he signed, but was added later.

People are still wondering at the price and they are still buying three packages of Crisco crackers for 10 cents. Remember 3 5-cent packages for a dime.

Large Bloater mackerel, fat and sweet, 12 1/2¢ a pound. You never ate finer mackerel than these.

Macaroni—this is one of the greatest of Lenten foods and the very best quality of domestic macaroni. We have sold great quantities and the price is still good—5 cents per lb.

Beechnut Bacon

This famous brand of bacon in original packages is a money saver. In four or five-pound packages you get identically the same bacon that you have been paying in jars. The package price is 30 cents a pound and in jars just about twice that.

BLUE RIBBON 20-30 thin skinned Santa Clara prunes. This offering is of the finest prunes that ever came to this market. That's saying something, isn't it? That is our guarantee and they will count between 29 and 30 to the pound. And best of all they are priced way down—only 25 cents a pound.

BLUE RIBBON 40-50 California Ruby prunes, that delicious cherry flavor, rich in quality, prunes that you will say are splendid, at the exceptional price of 29¢ a pound.

Something fine, you'll say when you have tried the genuine Sugalgass cookies. A nice air-tight package for 10 cents.

BLUE RIBBON Salad Dressing cost 25 cents for a large bottle. It is the very choicest salad dressing you ever used and the trial we are asking you to make will prove the truth of this statement.

Forty per cent gluten flour, manufactured by the Kellogg Food Co. In cloth bags, \$1.25.

POUND CAKES from the Drake Bakery company's plant have a quality that is all their own. They never vary and so are uniformly good. Those delicious coconut macaroons come from the same factory and the price is 30 cents a pound.

SLEEPY EYE FLOUR COUPON—Remember that the flour coupon, which appeared in the Journal Thursday and Friday, is good for 20 cents on the purchase of a sack of Sleepy Eye Flour. Clip the coupon, save 20 cents and get a sack of the best flour you ever used.

COFFEES—Day after day our coffee business grows and the reason is just this, that Roberts' blends have real coffee value. Buy a pound to day and tomorrow you can serve the richest coffee that has ever graced your table.

MEN AND RELIGION FORWARD MOVEMENT

Great Campaign Launched in This City by Experts From St. Louis—Two Splendid Services Today.

Life is most worth living to him whose work is most worth while. The light that shines farthest shines brightest nearest home. You can do more than pray until you have played; but you cannot do more than pray until you have prayed. Stewardship—I will place no value on anything I have or may possess except in relation to the kingdom of Christ—Livingston. The first work of the whole church is to give the gospel to the world. Not how much of my money will I give to God but how much of God's money will I keep for myself.

The above mottoes received the attention of every man present at the meeting at Centenary church Friday night in the interests of the Men and Religion Forward Movement. Mr. J. I. McClelland, who was one of the speakers, at the service, explained that they were hung upon the walls that they might catch the eyes of men and that the thoughts there so closely and so clearly expressed might be indelibly impressed. These mottoes in a way convey the spirit of the great Men and Religion Forward Movement, in which the men of Jacksonville are now engaged. This broad and feasible plan for the carrying of the gospel of Christ into every walk of life and especially into the lives of men, was presented last night and a strong appeal for a dedication to service was made by the three experts from St. Louis, who arrived Friday afternoon. The first speaker last night was Jackson J. McKim, secretary of the Railroad Y. M. C. A. in St. Louis. He dealt with "Evangelism" in a splendid address. He told of the relation of one man to another as Christian

WILL STUDY LAW. WILL STUDY LAW.

A Hamilton Law club has been formed in the city and the members are Messrs. E. M. Dunlap, Ralph I. Dunlap, W. G. Goebel, Harry K. Chenoweth, John Meany, Harry Obermeyer, Howard DePew, Herbert Smith, Harrison King, George O'Neil, John Seaford and M. S. Meyer. An initial meeting was held at the public library Thursday night and each Thursday night will be the meeting time. The club will be in charge of Attorney Julian P. Flippin. Messrs. W. B. Beardon and W. P. Cosper of Chicago are the organizers of the club. The young men believe that a knowledge of the fundamental principles of law will be of incalculable value. It is understood that others will join the club.

SPLENDID MUSIC AT BROOKLYN

Harold Johnson's Orchestra Played For Revival Friday Night—Sermon on "God's Last Day."

Music was a great feature of the Brooklyn revival Friday night. Harold Johnson with his full orchestra rendered an excellent program and accompanied in the singing. Mr. Johnson appeared in two trombone solos and Mr. Baylac again delighted the audience with his skillful playing on the cello. A half hour of beautiful and inspiring music was given and when the musicians went to depart the audience gave them the enthusiastic salute, thus expressing their appreciation of the splendid numbers given.

There was a large crowd present last night and Rev. J. S. Alkire preached a soul stirring sermon on "God's Final Day," choosing as a text Rev. 11:9—"But know thou that for all these things God will bring thee into judgment."

Preached on Judgment. "There are three reasons for a judgment," the pastor said. "The first is God's authority. The second is God's right to control the destiny of the soul. The third is the fact that God is a just God and will bring thee into judgment." "There are three reasons for a judgment," the pastor said. "The first is God's authority. The second is God's right to control the destiny of the soul. The third is the fact that God is a just God and will bring thee into judgment." "There are three reasons for a judgment," the pastor said. "The first is God's authority. The second is God's right to control the destiny of the soul. The third is the fact that God is a just God and will bring thee into judgment."

QUICK RELIEF FOR RHEUMATISM
George W. Knott, Jewell, Mich., says: "Dr. DeChon's Relief for Rheumatism has given my wife wonderful relief for rheumatism. She could not lift hand or foot, had to be lifted for two months. She has the use of the remedy and has proved rapidly. On Monday she could not move, and on Wednesday she got up, dressed herself, and walked out for breakfast. Sold by L. P. Alcott, Druggist."

HELD PUBLIC SALE.
A public sale was held Friday at the farm of Samuel Ragland near Waverly, Ind., and a great number of horses and prices prevailed about as follows: Horses from \$100 to \$160; cows from \$10 to \$48; brood sows from \$17 to 26; other hogs, \$5 to \$15. Implements sold well. J. C. Cox was auctioneer, and William Ray, clerk.

Bert Carter of Woodson is loading his household goods and expects to move shortly to Des Moines, Iowa, where he will conduct a butcher shop. Mr. Carter has been farming recently, but formerly ran a butcher shop in Woodson.

VAPOR TREATMENT.
For Croup, Colds, Coughs, Sore Throat and Bronchitis. Everybody knows that breathing HYOMEL a few times a day through the little hard rubber pocket inhaler will in a short time drive out croup. Many people regularly use the vapor treatment at night in conjunction with the inhaler, claiming that it hastens results. This is the vapor treatment: In to a bowl three-quarters full of boiling water pour a scant teaspoonful of HYOMEL, cover head and bowl with towel and breathe for five minutes the soothing, healing, antiseptic HYOMEL vapor. Try it when using HYOMEL for any nose or throat ailment. HYOMEL is guaranteed by Coover & Shreve to put an end to croup, or money back. A bottle of HYOMEL costs 50 cents; a complete outfit, which includes inhaler \$1.00.

Renting Houses

Fifteen years experience as the only Agency in Jacksonville making a specialty of renting houses, has given us much information that is of value to our clients. We have learned how to write a contract that will insure the payment of the rent when due. In five years we have not lost a full month's rent on any house. We know what consideration is due to the tenants; they say we are "good landlords," and our houses are full when others are empty. Only those who do not want to pay their rent dislike us. We have an enormous rent list, but very few vacant houses today. We can be of real service to you in renting yours. Won't you let us do so?

SENATORS JONES AND MAGILL
ADDRESS AUDIENCE AT
COURT HOUSE FRIDAY NIGHT.

Progressive Candidates for Governor
and Senatorship Nominations
Told of Their Principles—
Attacked Records of Cullom and
Deneen.

Senator Walter C. Jones, progressive candidate for the Republican nomination for governor and Senator Hugh S. Magill, progressive candidate for a seat in the United States senate, spent Friday night at Jacksonville citizens and at night addressed a good audience at the court house. Both Senators Jones and Magill are forceful in argument and their clear cut statements were heard with interest.

Jones Tells of "Five Weapons."
"The progressive movement within the Republican party is a contest to restore popular government," said Senator Jones. "In order to restore government to the people it is necessary, first, to break the power of the political bosses and their spoils machines, and, second, to drive corrupt special interests out of political life."

"In order to accomplish these results the people have devised the five weapons of self-government, which constitute the program of progressive legislation. Wherever these weapons have been adopted the people are able to take into their own hands at the ballot box the control of their government."

"These five weapons of self-government are: First, the direct primary, whereby the people may nominate candidates for office at the ballot box; second, the direct election of United States senators by the Oregon plan, whereby the people may put a stop to Lorimer scandals and the use of bribery money in the naming of United States senators; third, the referendum, the people's veto power at the ballot box,

THE ARNOLD SALE

It has been found advisable to change the date of the Arnold sale from March 6th to 8th to avoid sale conflicts. Mr. Arnold will positively hold this sale Friday, March 8th, and will have some splendid offerings of horses and mules.

Horses With Jewel Caskets.
Every great horse in the land has his special toilet case, made to suit his name and provided with a special lock. The casket has his own basin, soap and pills for the toilet, his feeding spoon, brushes and combs.

A good horse has many sets of towels of various grades and has blankets of various weights for all weathers. These are marked and numbered and are kept beautifully clean and well aired. The belongings of the horse are carried about in his toilet case when traveling.

Besides all this luxury, every great horse nowadays must have a jewel case, and with age and success the collection frequently becomes very valuable. In the casket, which is a compartment of the box, are kept the various trinkets presented by admirers. These consist largely of articles of wear, such as bridles finished in silver and gold, silver chains and mounted halters, and combs and brushes mounted in handsome style.—London Tit Bits.

Senator Walter C. Jones.

whereby the people may veto laws corruptly purchased by bribe money in the legislature; fourth, the initiative, the people's law-making power at the ballot box, whereby the people may pass laws themselves when the legislature refuses or when corrupt business interests are able, by bribe money, to kill laws in the legislature which the people demand; and fifth, the recall, the people's power at the ballot box to remove rascals from office, whereby the people are able to take out of office a man who turns out to be a grafter, boodler or bribe taker, or may remove from office one whose seat has been dishonored by confessions of bribe takers.

"The progressive movement in the Republican party in Illinois is a contest to secure the enactment and free use by the people of these five weapons of self-government whereby they may protect themselves against the corrupt partnership between political bosses and dishonest captains of industry who have sought to prostitute and corrupt free government."

Calling Deneen Insincere Reformer.
Referring to Governor Deneen, Senator Jones said:

"Deneen is a pseudo-reformer. We thought he gave promise at first of becoming a second La Follette. We thought we had found a Grant for the progressive forces, but he turned out to be a George B. McClelland. He led the army out to where the fighting was good and it has been there ever since. At last we suggested that if he is not going to use it we would like to take it awhile."

"The People vs. Wealth."

"We might as well face the problem that confronts us," said Senator Magill. "I am not a pessimist or a calamity howler, but we must admit that things are not as one forefathers meant they should be when they framed the constitution. You do not call your doctor a pessimist and kick him out of your house if he diagnoses a dangerous illness in your family correctly, but you consult him regarding a cure."

"We are face to face with the question of who is to rule in this country—combined wealth or the people. I do not deny wealth—it is necessary for our great enterprises. Without doubt we are the richest nation on earth. Now we are up against the problem—can we stand our prosperity?"

Senator Magill described the growth of business into corporations capitalized beyond the grasp of the average imagination, and the tremendous power they can exert when brought down to a small group of men. He said he has no quarrel with corporations except when they throttle the competition to control prices and output; when they over-

BASKET BALL TOURNAMENT

SIXTEEN TEAMS PLAY FIRST DAY'S PRELIMINARIES.

Western Illinois Meet Attended by Big Crowd and Various Games Hotly Contested—Championship Game Played Tonight—Last of Results Yesterday.

Yesterday's Results.
Petersburg, 10; Jacksonville, 38.
Barry, 12; Carthage, 63.
Greenfield, 20; Litchfield, 55.
Manchester, 17; Havana, 29.
Virginia, 23; Quincy, 26.
Griggsville, 17; Canton, 38.
White Hall, 24; Ipava, 57.
Pittsfield, 38; Mt. Sterling, 18.
This Morning's Games.
Jacksonville vs. Carthage.
Litchfield vs. Havana.
Quincy vs. Canton.
Ipava vs. Pittsfield.

Sixteen teams contested Friday in the first day's preliminary of the Western Illinois basketball tournament, which was held in Straw's hall. From the standpoint of interest, enthusiasm and high class basketball, it is doubtful if any other tournament in the state, with the goal in view of picking a championship team, can outclass it. The attendance for the entire day went beyond the expectation of those having the meet in charge and it is safe to predict that the financial side of the tournament will be well cared for. Some of the teams came in Thursday night and all Friday morning the lads swarmed the various hotels, most of them having made provisions ahead. Along with the players came a big crowd of guests and, in this respect Pittsfield outdid all the rest, bringing over a bunch of one hundred rooters.

The sixteen teams entered competition some of the best squads of this section of the state. Fortunately for Quincy, who knocked for admission at the eleventh hour, two Gen. Dix lads found a vacant place, made by the withdrawal of Root house at the last moment. While the strength of Roothouse is not so well known, Quincy was a very welcome guest and they put up a splendid game against Virginia. The game had to be prolonged five minutes to pick a winner.

The drawing for places took place at 10:30 o'clock and from the standpoint of the tournament, was splendid, in that it did not have the strong teams play each other. Not that the matches were so greatly uneven, but it was such as to make the interest intense for the games to be played to day. As the schedule now stands four of the finest contests of the meet will be held this morning commencing at 8 o'clock. Jacksonville will play Carthage, Litchfield against Havana; Quincy against Canton, and Ipava against Pittsfield.

The two games this afternoon will start at 2:30 and the championship games to night at 8 o'clock. Plans are being made to have a curtain raiser to night.

There exists an intense rivalry among these eight teams and some of the basketball bugs who are given over to prophesying didn't have much to say after the final games were played last night. As in basketball, so in baseball, there are uncertainties, and often the best team takes on a streak of bad luck and away goes the contest.

Of the visiting teams who are counting on taking off the honors to day, Canton, Carthage and Pittsfield form a trio hard to beat. They all played splendidly yesterday and displayed the results of hard training. Opposing the trio is another team which will have to be reckoned with when it comes to naming the championship winner and that is Jacksonville. Some of the strong visiting teams have been inclined to accept the theory that the Jacksonville bunch is an easy mark, but the form displayed against Petersburg was of the championship order.

Canton brought over a bunch that are sure to get the job and one man was whispering around yesterday that he had picked them as the winners. They play fast and snoot baskets like catching flies on sticky paper. Another team that will surprise many to day will be Ipava. The boys have been working hard in anticipation of the meet and the way they ran away with White Hall was a revelation. At Jacksonville, without doubt will be one of the teams to play this afternoon. Just what the strong bunch of Pittsfield players will do to day is a matter of conjecture. They will find in Ipava a worthy foe and it, judging from the form displayed yesterday, that contest will be one of the most stubbornly fought of the entire series. Ipava believes they can turn the trick and Pittsfield is not only confident of defeating them, but of any in the meet.

The manner in which everything went off yesterday was complimentary to the managers. There was not a hitch and the visitors were orderly and the crowd, although tending weary for seeing four games in a row, yet displayed their intense interest by remaining during the afternoon and at night were present when the doors were opened. C. S. Storm and Ralph Tenney alternated as referee and umpire and their work is certainly of a high order and most pleasing to the spectators.

Final Results.
Jacksonville, 38; Petersburg, 10.
The first game to be pulled off was between Petersburg and Jacksonville. Tandy was easily the star of the contest and Coach Buland took occasion to put in a number of his second team men. The score at the end of the first half was 13 to 4 in favor of the locals. The lineup follows:
Jacksonville—Tandy, c; Stewart, lf; Frey, rf; McLaughlin, rg; Hale, lg; Boxell, lf; Smith, rg; Maddox, rf; Morris, lg.
Petersburg—Winterbauer, c; Power, rf; DeLaman, lf; Haller, rg; Johnston, lg.

Field Goals. Tandy, 8; Stewart, 3; Frey, 5; McLaughlin, 1; Power, 1. Free goals, Tandy, 3; Winterbauer, 3; Johnston, 3.
Barry, 12; Carthage, 63.
Barry—Johnson, c; Dresch, rf; Pennington, lf; O'Brien, rg; Stroehker, lg; Padgett, lf.
Carthage—Stevenson, c; Byers, rf; Clark, lf; Westfall, rg; Coppen, lg.
Manchester, 17; Havana, 29.
Manchester—Graenwald, c; Hicks, lf; Robson, lf; Mehroff, rg; Goodall, lg.

Havana—Marshall, c; McFadden, lf; Curlee, lf; Caldwell, rg; Welmer, lg.
Greenfield, 20; Litchfield, 55.
Greenfield—Kessinger, c; Keener, lf; Holmes, lf; Foster, rg; Mitchell, lg.
Litchfield—Duncan, c; Bray, rf; Keese, lf; Christie, rg; Gasaway, lg.
Virginia, 23; Quincy, 26.
Virginia—Cooper, c; Hunkel, rf; McLaughlin, lf; Knight, rg; Rexroat, lg; Hill, lf.

SOCIAL EVENTS.
Allen Taylor gave a party at his home on North Prairie street Thursday night for Gillman Wesley Squire of the Business college, who is soon to return to his home in Mercedia. There were about twenty young people present and the hours were pleasantly spent with various games, Miss Myrtle Hill winning a prize in an amusing contest. Elegant refreshments were served and in every way the occasion was a most pleasant one.

The South Side Club met Friday afternoon with Mrs. Grant Graft on South Main street. There was a good attendance and Mrs. Walter L. Trendway gave a synopsis of the theories of Barthelemy and Mrs. W. W. Gillham discussed the writer, Anthony Trollope. A social hour followed with the serving of light refreshments. The next meeting will be Friday and known as "President's Day." They will meet with the president, Mrs. Herman Weber, at which time an election of officers will take place.

Mrs. George Wood of Pisgah was hostess to a company of friends Friday afternoon in honor of her new granddaughter, Mrs. Earl Lukeman. The gathering was in the nature of a quilting party and a quilt was made for Mrs. Lukeman from the dresses of the late Miss Laura Wood. It is needless to say that the granddaughter highly prizes the quilt. Part of the afternoon's program consisted of musical selections by Mrs. Earl Lukeman and Mr. and Mrs. G. S. Beekman. An elegant three course dinner had been prepared by the hostess and the entire afternoon proved one of keen enjoyment.

Among those present were Mrs. T. Lukeman and daughter, Miss Grace, Mrs. John Crum, Mrs. George Beekman, Mrs. James B. Wood, Mrs. Walter Wood and Mrs. Doyle.

Mrs. Robert Hall will entertain to day at an afternoon reception at her elegant home in Virginia. The guest list includes about fifty ladies.

DEATHS AND FUNERALS

Whittaker.

Mr. and Mrs. Joseph Whittaker of 1233 South East street are called to mourn the death of their infant son, Harold Wilber, whose spirit took its flight at 4:57 o'clock Friday morning. The cause of its death was bronchitis, from which it was a sufferer for several weeks. The baby was 4 months and 19 days old, having been born Oct. 4, 1911. The parents, one brother, Joseph, Jr., and two sisters, Maudie and Corinne survive.

Funeral services will be held at the home Sunday afternoon at 2 o'clock and will be in charge of Rev. H. H. Mitchell, rector of Trinity church. Interment will be in East cemetery.

Sandberg.

The funeral of Elmer Sandberg was held at 2 o'clock Friday afternoon from the Broadway M. E. church, in the presence of a large assemblage of relatives and friends, the services being impressively conducted by Rev. H. S. Alkire, the pastor. The choir, composed of Miss Elsie Read, Mrs. J. W. Moon, Mrs. Richard Moody, Mrs. M. M. Cordes, Mrs. H. S. Alkire, Mr. and Mrs. Carl Rembrough, Thos. Rembrough, Rev. W. S. Phillips and W. W. Gilliam, with Miss Lillian Rembrough at the piano, first sang "Nearer My God to Thee," after which Rev. Mr. Alkire read in prayer, Rev. W. S. Phillips then read a beautiful chapter from St. Paul's gospel to the Corinthians, and the choir followed with the singing of "Rock of Ages."

Rev. Mr. Alkire spoke words of comfort and consolation to the bereaved family, relatives and friends. He preached from the text, Eccl. 7:17—"Why shouldst thou die before thy time?" He said that he had never been able to understand why death loves shining light and why a young man in the bloom of life with a prospect before him should be taken away indeed seemed hard to comprehend. There was consolation in the thought, however, that it was God's will and that some day he would explain to His children.

There were many beautiful flowers betokening the esteem in which the

young man was held and these were kindly cared for by Misses Veda and Edna Cobay, cousins of the deceased, and Miss Emma Swanson.

The services at the church were concluded with the hymn, "It is Well With My Soul," and the cortege then moved to Diamond Grove cemetery, where the remains were laid to rest. The bearers were Lloyd Reese, Carl Swanson, Harry Craig, Ellsworth Rembrough, Alfred E. Peterson and George McKean.

Among those from out of the city to attend the funeral were Lee Anderson of Roodhouse, Mr. and Mrs. John Asplund and Miss Emma Peterson of Little Indian, Mr. and Mrs. Lynd of Arcadia and Mr. Johnson of Lakeberry.

Harrison.

Thomas Harrison of Webster avenue recently returned from Creston, Ill., in Ogle county, where he went to attend the funeral of his father, Thomas Harrison, who was killed by a fast train as he was returning home from a church service. Mr. Harrison was 89 years of age, but despite his years had retained his mental and physical powers to a large extent. He was born in Yorkshire, England, and came to this country in 1872. For many years he had been a faithful member of the Methodist church and was a man held in high esteem by all who knew him. He is survived by seven sons and two daughters, James of Creston; Henry of Fairdale; Quarion of De Kalb; William and Mark of Jackson county, Kan.; John of St. Joseph, Mo.; Thomas of this city; Mrs. Ellen Swingle, Creston; and Mrs. Burge of Los Angeles, Cal. His wife, died fifteen years ago.

Thompson.

Lewis Thompson, a well known resident of Virginia, died Friday morning at 2:30 o'clock. He formerly resided west of Lakeberry. The funeral services will be conducted Sunday morning at 11 o'clock from the Arcadia church.

The Emporium on East State street has in their west window a very stunning collection of new spring millinery, which is advertised for to day.

P. J. Cavanaugh of Sinclair who has been sick for several days, is improving.

GOV DENEEN WILL MAKE SPEECH HERE

Chief Executive of State Will Be in Jacksonville Monday Afternoon—Is to Address Court House Meeting at 3:30 O'clock.

A telegram received yesterday by Col. John R. Robertson announced that Governor Deneen will visit Jacksonville Monday afternoon and make an address here. Arrangements have been made to have the speaking at 3:30 o'clock in the afternoon at the court house. A large audience will doubtless gather at that time in order to hear the governor tell the reasons on which he is making his fight for another nomination. Gov. Deneen will reach Jacksonville shortly before 3:30 o'clock on a special train over the Wabash.

LINWEAVE DAY.

The salesladies at Hillier's will wear Linweave waists to day. See the beautiful fabric; it leads them all.

Word has just been received from Mr. HELMAN, who is in New York City, that he has purchased the most beautiful line of evening dresses ever shown in Jacksonville and at reasonable prices.

Complete outfit \$1.00—extra bottle if needed 50 cents at Coover and Shreve's and druggists everywhere. Simple instructions for use in every package—you can't fail to banish catarrh if you follow instructions.

SPOONTS PREACHES ON DANCE QUESTION

Pastor-Evangelist Delivers Strong Sermon on "Herod's Ball Room"—Was Heard by Immense Audience.

Rev. Walter E. Spoonst gave his views on the dance question Friday night before a large audience in Northminster church. In plain and forceful language he pointed out the evils of the public dance hall and made a plea to society to protect itself against its blighting influences. Rev. Mr. Spoonst based his sermon upon the bible story of Herod's ball room, speaking in part as follows:

"The news of Christ's miracles had reached Herod. He was startled. Who is this Jesus? Joan risen from the dead? John had reproved Herod, and Herod imprisoned John for eighteen months. The guilt of an unlawful marriage was on his conscience. He rushes into gale to drown his troubles. It is a gay scene. The lust of the flesh, the lust of the eyes and the pride of life there. All that minister to these are there, stuffing conscience. The fair daughter is there, in all the splendor of gay wantonness. The vile mother is there lascivious and revengeful. Music and mirth are there. The dance and song. It was during that ball that the murder of John was plotted and consummated; that a drunken, lustful king, urged on by two women, perpetrated the foul deed. Such are the masquerades of time. Such was the coarse worldliness of old times; but is the refined worldliness of modern times less fatal to the soul? Ye adulterers and adulteresses, know ye not that the friendship of the world is enmity with God?"

In dealing with the Bible story he divided it into three parts—before the ball, during the ball and after the ball. He brought his great sermon to a close with an array of arguments against dancing.

"Dancing is forbidden by those passages of God's word, which require us to abstain from all appearance of evil," he said. "The dance leads to evil associations, it is inconsistent with true church membership, is in direct conflict with the duties as set forth in the scriptures. It is a source of grief and cause of offense to many of the disciples of our Lord. It destroys the influence for good, and is a source of injury to those not Christians. The church courts condemn it. The fashionable dance is immoral and licentious. Look at these warnings, and then look at the brazen effrontery of some sappy fop who is only a vulgar fraction of a man, and some giddy girl whose brains have run to her heels, when they list that the remonstrances, which are raised against dancing by faithful pastors are 'cant' and 'fanaticisms.'"

The audience last night was the largest of any service and the chorus had a number of new voices. By request the children sang "Open the Door For the Children" and Dr. C. D. Magill sang as a solo, "Jesus and His Love." The audience joining in on the choruses. One of the pleasing features of the singing was the whistling of the men in the singing of "Gloria in Excelsis." The women's voices being used at the same time. Rev. Mr. Harris of Woodson made the opening prayer. When the invitation was extended at the conclusion of the service a number went forward. The meeting last night was a record maker for the Northminster revival.

On Sunday morning Mr. J. I. McClelland of St. Louis, who is in the city in the interests of the Men and Religion Forward Movement, will occupy the pulpit. In the afternoon will be the great mass meeting for men, when the attendance is set for 1,000. The address will be made by Mr. G. T. Coxhead. The evening service will be held at 6:30 and the sermon will be "Guess Who."

GAS FRANCHISE DRAFT IS READY

CITY ATTORNEY HAIRGROVE HAS COMPLETED MEASURE HE WILL PRESENT.

Provisions Made for Testing of Gas Furnished and for Efficiency of Service—Fines Are Fixed if Gas of Right Quality Is Not Supplied.

City Attorney W. N. Hairgrove yesterday completed the draft of the proposed gas franchise for the Jacksonville Gas company. This franchise ordinance has been prepared by Mr. Hairgrove after months of study based upon the best information he could secure from experts in such matters. The intention of the city attorney has been as he expressed to provide gas for the people at the proper price and a service of a quality to which they are justly entitled.

The general provisions of the franchise have been outlined already in these columns. The following paragraphs of the franchise, however, were completed Friday and are given herewith almost in full. The purpose of these sections is to make it certain that the company shall begin at once to make such changes in their plant or pipes as will make it possible to supply gas of standard quality to all consumers. Means are provided for ascertaining the quality of gas furnished, for the testing of meters, the form of gas bills, fines for the company if the prescribed service is not rendered.

Section 19. That the company, the grantee herein, shall proceed forthwith to repair, re-inforce, re-equip its present system of distribution, and regulate and equalize the same, so that its system shall, as soon as possible, be, in all respects, adequate to meet, as to pressure of gas, the requirements hereinafter set forth within the time hereinafter specified, and in any event on or prior to July 1, 1913, and to that end the company shall, without unnecessary delay and with all convenient speed, maintain, extend and improve its system so that it may not require, on and after July 1, 1913, the use of house governors to maintain a pressure of gas as improved that will never be less than two inches nor more than four inches of water pressure in any of its mains on the level of the water in the gas works holder or elsewhere, except as the same may be due to the elevation of the main above such level.

That on and after the first day of January, 1913, the pressure of gas by the company, tested at any point where the unobstructed service pipe enters the building of the consumer shall never be less than two inches nor more than six inches of water pressure, and that the variation of pressure upon any day at any such point shall never be greater than 100 per cent of the maximum pressure upon the same day at the same point. Provided, however, that the company may, prior to July 1, 1913, install a house governor at the place where the gas enters the consumer's premises, upon filing, in each instance, with the inspector, a written declaration of its purpose to install the same, together with a description of the premises in which it is to be placed, which declaration shall be kept by the inspector as part of the records and files of his office; provided also that the company may, after July 1, 1913, install any such house governor upon obtaining from the inspector a special permit therefor, as herein provided. The company shall, whenever any such house governor is removed, forthwith, file written notice of such removal with the inspector and shall, quarterly, thereafter, file in the office of the city clerk its statement certified, showing the aggregate number of house governors then in use by the company. But the company shall not, after the first day of January, 1913, continue the use of any house governor previously installed, and shall not thereafter install, maintain or use any such governor except at such place and for such period of time only as the inspector shall, after careful examination in each instance and for some special reason deemed by him to be sufficient by his duly signed permit, allow. And whenever any such special permit shall be granted a duplicate copy thereof shall be kept and preserved by the inspector as part of the records and files of his office.

That if, at any time between the first day of July, 1913, and the first day of January, 1914, the pressure of the gas supplied by the company to any consumer shall fail to comply with the requirements of this section, and the consumer complains thereof to the company, it shall, if the effect be due to local conditions, within 72 hours thereafter, and if due to other conditions, within a reasonable time thereafter, remedy the defective pressure so that the pressure will comply with such requirements; and if necessary to remedy the same the company shall, at its own expense, install and maintain a house governor at the point where the gas enters the consumer's premises, first filing with the inspector a notice of its intention to install the same, as hereinbefore provided. And should any such consumer, after the company has undertaken to remedy such defect in force of this paragraph, be of the opinion that the same has not been corrected as herein provided and give to the inspector notice thereof the inspector shall forthwith test the pressure of gas supplied to the consumer's premises by the use of recording or visual gauges and furnish to the consumer, and the company, respectively, a written statement of the results thereof. And the company shall also, on the first of each and every month, file with the inspector its certified statement, showing the number of such complaints made within the

previous calendar month, together with the respective names and residences of the complainants and the respective points at which the pressure is so complained of.

That on and after the first of January, 1913, the inspector, if he deems it proper, may, and in case of improper pressure, as herein defined, he complained of, shall test the pressure of gas in the service or house pipe at the inlet or outlet of any consumer's meter by means of a recording or visual gauge; and if it thus be found that the pressure at any such point does not comply with the requirements of this ordinance, due allowance being made for meter friction, the inspector shall, within twenty-four hours thereafter, deliver at the company's office a notice, in writing, of the defect; and the company shall, if the defect be due to imperfect conditions in the service pipe or in any governor placed by the company therein, remedy such defect within forty-eight hours thereafter, or if due to any other cause, remedy such defect within a reasonable time thereafter. And the company shall, upon remedying such defect as aforesaid, forthwith, within twenty-four hours, notify the inspector that the defect has been corrected so he may ascertain if the pressure then complies with this ordinance.

Section 20. That the deposit required by any consumer of gas, as security for payment thereof, shall not exceed the probable amount of one month's consumption thereof, and the company shall pay interest at the rate of 5 per cent per annum on every such deposit heretofore or hereafter to be made for the purpose aforesaid if the same exceeds one dollar, such interest to be paid semi-annually.

That forty-eight hours' notice in writing shall be given the company by a consumer before he shall quit the premises where he shall have been supplied with gas; and in default of such notice the consumer so quitting shall be liable to pay the company for any gas supplied to said premises before the time for the next reading of the meter thereon.

That in addition to the usual form of gas bills made out by the company there shall be printed in bold type, on the face thereof, the following words: "Deficiency in gross heating value"; and the amount of the discount, if any there be, to the consumer, pursuant to the provisions of this ordinance, shall be inserted after such words, and be deducted from the amount of the bill.

Sec. 21. That should the monthly average gross heating value of the gas at the city hall testing station (determined according to section hereof) at any time fall below 600 British thermal units every consumer of gas within the city during the month when the deficiency shall occur shall be entitled to and shall receive a pro rata discount upon his gas bill thereafter. The percentage of such discount shall be ascertained by dividing the number of British thermal units of such average monthly deficiency at the said testing station by the standard thermal units specified thereby by said section, which percentage shall be used by the company in computing the discount of its bill for the month, which discount shall be deducted from the gas bill for the succeeding month or be paid to the consumer in cash.

That the inspector shall deliver, at the offices of the city clerk and mayor, respectively, and also at the office of the company a copy of his computation of the discount in the monthly bills for each month. In the event the discount therefrom shall be made pursuant hereto on or before the 5th day of the succeeding month, and also post a copy thereof in the usual place selected by him for that purpose, certifying therein that the average of heating value, as determined at the city hall station, is the average of at least ten tests made not to exceed two upon any in said month where the deficiency shall occur.

Sec. 22. The company shall be subject to pay a fine of fifty dollars whenever and as often as it shall violate this ordinance and be convicted thereof in each of the following cases, viz:

(a) In case it shall fail for any three successive days, after July 1, 1913, to describe any defect in the pressure of gas that may exist after proper notice given, as provided herein, and not due to improper conditions in the service pipe or to the governor connected by the company thereto.

(b) In case of any deficiency, for any three successive days in the candle power of gas prescribed herein.

(c) In case of the presence in the gas, for any three successive days, of sulphuretted hydrogen, according to the test prescribed by this ordinance.

(d) In case of the presence in the gas, for any three successive days of sulphur or other than sulphuretted hydrogen in excess of the quantity prescribed herein.

(e) In case of the presence in the gas, for any three successive days, of ammonia in excess of the quantity prescribed herein.

(f) In case of the company's failure, for any three successive days, to furnish gas, the average gross heating value of which, at the City Hall Station, shall not be at least 600 British thermal units as prescribed herein. Provided, however, that before the company shall in any case be or become subject to any such fine the inspector or other officer acting in that capacity upon the discovery of the specified defect in the pressure or quality of the gas, by the test hereinbefore provided for the detection thereof, forthwith, within twenty-four hours thereafter (not including Sundays and holidays) deliver at the office of the Company a notice in writing specifying such defect, and deliver a like notice at the office of the mayor or City Clerk; and shall, if upon the succeeding day he finds the same defect, again give notice thereof in like manner, and shall,

on the third succeeding day, if he finds the same defect, forthwith and within twenty-four hours thereafter give notice thereof by means of an affidavit or sworn notice stating the three days' defect, duly verified before an officer authorized to administer oaths, deliver at the office of the company, and by like notice at the office of the Mayor or City Clerk.

MODERN WOODMEN INSURGENTS

ORGANIZATION OF ASSEMBLY HAS BEEN EFFECTED.

Condemn So-Called "Mobile Bill" — And Protest Against Rates Adopted at Chicago Convention—Attack Made on Officials.

Minneapolis, Minn., Feb. 23. Permanent organization of the Nation Woodmen assembly was effected and plans for the securing of readjustment of the rates adopted by the head camp at Chicago were made at the afternoon session of the "insurgent" faction which has been in session here for two days. Incidental to the discussion of resolutions to day, the direct charge was made by Joseph Right of Rock Falls, Ill., that high officials of the order were leagued with old line insurance companies to disband the order.

The resolution adopted to day, while attacking the officials of the head camp also declared in favor of an attempted meeting with these officials of the "insurgent" faction to secure a readjustment of the rates.

After protesting against rates adopted at the Chicago convention and urging all members to stand by the order, the resolutions declare the assembly's opposition to the "adoption by any state of the notorious so-called 'Mobile Bill'" and urges Woodmen in every legislative district to obtain pledges from legislative candidates to fight the measure.

Ask for Investigation. A resolution also was adopted asking that the next session of the legislature in Illinois appoint a special committee to thoroughly "investigate the Modern Woodmen head office receipts and disbursements prior to during and since the 1908 head camp at Peoria, Ill., and the 1911 head camp at Buffalo."

The delegates from each state named the members of the permanent committees, and these afterward were approved by the assembly. The initiative, referendum and recall also were adopted into the "platform" of the assembly this afternoon when a resolution was endorsed urging a revision of the present constitution and by laws of the order, giving the majority of the membership the governing power.

The assembly also went on record as being opposed to the present method of election of delegates to the head camp by county and state camps, which the "insurgents" declared "tends to remove the delegates too far from their constituencies."

Charge by "Standpatter." Charges that seven other fraternal organizations to a great extent were behind the "insurgent" movement were made tonight by John Sullivan of Kansas City, a leader of the "standpatters" and member of the law committee of the head camp. He declared that within a few days statements were to be issued covering the entire situation from the head camp at Rock Island.

PARTITION SALE. 312 acres, well improved; 240 in cultivation and rest in pasture; all good black land, well fenced and tiled, dwelling house of 12 rooms, 3 tenant houses, and two barns; situated 7 miles southeast of Jacksonville and one-half mile from railroad station; estate of William R. Duer, deceased, will be sold at auction February 24, 1912, at two p. m. at south door of court house in Jacksonville, Morgan county. Terms of sale: One-third cash, one-third in one year and one-third in two years, interest at 6 per cent on deferred payments with privilege of paying all in cash on day of sale or at any time before due.

John F. Clark, Master in Chancery.

WEDDING ANNIVERSARY.

The fifth anniversary of the wedding of Mr. and Mrs. Ernest Strawn of Alexander was fittingly remembered Friday afternoon, when some sixty or more of their friends and neighbors accepted invitations to their hospitable home and assisted the genial host and hostess in the enjoyment of a very happy day. Refreshments were served and heartily enjoyed. In the evening the number in attendance was considerably augmented. Mr. and Mrs. Strawn are well and favorably known to many and their popularity grows as their acquaintance is extended.

PUBLIC SALE.

Tuesday, Feb. 27, at 10 a. m., John R. Dye will sell at his residence, four and a half miles north of Jacksonville, horses and mules, cows, hogs, farm implements, household goods and some full blooded Brown Leghorn chickens.

DEMAND FOR SILOS GROWS.

The "A. P. Grout, Vitified Tile Silo" is rapidly becoming very popular and the incoming mail of the Sewer Pipe company at White Hall, where the tile is manufactured, is witness to this fact as is shown by the largely increasing inquiries from day to day.

The Illinois Silo company of Bloomington, Ill., has been incorporated with a capital of \$100,000, with W. H. Boyer as president and D. T. Garber, secretary. They will manufacture silos of wood and

Afraid of Ghosts

Many people are afraid of ghosts. Few people are afraid of germs. Yet the ghost is a fancy and the germ is a fact. If the germ could be magnified to a size equal to its terrors it would appear more terrible than any ghost-breathing dragon. Germs can't be avoided. They are in the air we breathe, the water we drink.

The germ can only prosper when the condition of the system gives it free scope to establish itself and develop. When there is a deficiency of vital force, languor, restlessness, a sallow cheek, a hollow eye, when the appetite is poor and the sleep is broken, it is time to guard against the germ. You can fortify the body against all germs by the use of Dr. Pierce's Golden Medical Discovery. It increases the vital power, cleanses the system of clogging impurities, enriches the blood, puts the stomach and organs of digestion and nutrition in working condition, so that the germ finds no weak or tainted spot in which to breed. "Golden Medical Discovery" contains no alcohol, whisky or habit-forming drugs. All its ingredients printed on its outside wrapper. It is not a secret nostrum but a medicine of known composition and with a record of 40 years of cures. Accept no substitute—there is nothing "just as good." Ask your neighbors.

come distributors of the A. P. G. V. T. silos as well. It is practically true that there are but two kinds of silos, the wood and the vitrified, as cement as now used would prove absolutely too costly a material.

EXTENDED VOTE OF THANKS.

At a meeting of Matt Starr Post, referring to the Lincoln birthday celebration a vote of thanks was extended Rev. F. A. McCarthy for his

JACKSONVILLE COAL MINE.

Just 25 years ago yesterday our city was all agog over the opening of a home coal mine. Wagons were parading the streets and displaying loads of the black diamonds. Flags were flying and people generally were rejoicing. It would have been well for the town had the mine proved a success, but it didn't and that is all we can say about it at present except perhaps that the people learned some useful lessons from the experience.

AL. H. WILSON.

One of the most interesting events of the present season will be the presentation at the Grand on Thursday, Feb. 23, of the song-adorned comedy, "It Happened in Potsdam," with the ever welcome Al. H. Wilson, the singing German dialect comedian, in the title role. The piece has proved a success for the one reason, perhaps, that it is the best Wilson performance so far provided for the public. The plot presents a faithful picture of life in the Fatherland illustrated here and there with the Wilson style of songs, and much handsome scenery.

GENERAL OROZCO WILL JOIN REBELS

ACCEPTS PROVISIONAL PRESIDENCY OF MEXICO.

Advices to That Effect Received by Washington Officials—Mayor and Citizens of El Paso Appeal for American Troops.

Washington, Feb. 23.—Official advices from the Mexican border to day indicate that General Orozco will join the revolutionary forces of General Trevino in Chihuahua and has accepted the provisional presidency of Mexico. The official dispatch reads as follows: "Have reliable information that General Orozco will join the revolutionary forces of General Trevino and has agreed to accept the provisional presidency of Mexico."

The dispatch came from a government official on the border. He is not connected with the state department. No verification of his information has been received at a late hour to day from the consular officials of the United States in Chihuahua. The state department officials were inclined to accept the dispatch as a report of a rumor.

Orozco Will Lead. San Antonio, Texas, Feb. 23.—Advices to the Light from El Paso, Texas, say:

"Pascual Orozco will lead Vasquistas forces after March 1, according to passengers on a Mexican National train which returned here this morning, having been turned back at Chihuahua. They say rebel leaders assert Orozco has again sent his resignation to Madero and insists upon its acceptance."

Want American Troops.

Washington, Feb. 23.—Mayor Kelly and a delegation of citizens of El Paso, Texas, to day appealed to Secretary Stimson to send American troops into Juarez, the Mexican city opposite El Paso.

Secretary Stimson replied that no such measure could be adopted while American lives and property

on the El Paso side were not in danger.

AT SCHOOL FOR DEAF.

The State School for the Deaf observed Washington's birthday as a holiday this year as usual and there was a most pleasing entertainment in the evening under the direction of committees from the Young American and Mutual Improvement societies, assisted by Misses Simpson and Jewell and Mr. Tilton of the faculty and Miss Gable. The title of the play was "Washington at Mt. Vernon" and the cast as follows:

Washington, the boy, Joseph Crummins; Richard, Dan Taylor; Rouben, Harry Duncan; Sylvanus, Bert Jensch; Lawrence, Clarence Schell; Nellie, Minnie Campe; Mary, Washington, Lizzie Kennedy; Washington, the man, William McGowan; Lawrence, Wallace Gibson; Sam, Ira Wilson; Martha Washington, Martha Norton; Nellie Washington, Pauline Obermiller; Mary, Mary Claus; Pearl, Pearl Attig. The play was well acted and much enjoyed by all.

Under the direction of Miss Simpson a group of sixteen boys and girls danced the state figures of the Minuet. Miss Nessel and Mr. Stutman recited "Yankee Doodle" in costume and made a hit. All in all it was a day long to be remembered at the I. S. D.

The committees were as follows: Robert Burns, first; William McGowan, Forrest Pearl, John Cordano, Ralph Beaver; Pauline Obermiller, chairman; Pearl Attig, Annie Cronkrite, Evetta Refey, Mattie Diehl.

KNIGHTS' TEMPLAR PROGRAM.

The Knights Templar of Havana gave a grand entertainment recently which was a fine success. The program was varied and a force from this city mainly supplied it. Those present from Jacksonville were Prof. Stafford, Miss Mabel Mathews, vocalist; Miss Irene Thompson, violinist; Miss Frances English, pianist, and all gave excellent satisfaction and won many deserved compliments. They were most hospitably entertained and after the concert all were invited to the home of Mrs. Ula Rotger Brueening for a banquet which every one greatly enjoyed.

HOME FROM TEXAS.

Joseph Burger has just returned from an interesting tour of Texas. While absent he visited Palestine, Houston, Galveston, San Antonio, and other places. He saw C. H. Gilman, who is doing well as a traveling salesman for a Chicago house. At Houston also he met Fred Schoppe, a tinner, who formerly worked at the Insane Hospital in this city. At San Antonio he met on the street W. W. Wharton, formerly a resident of this city, who is spending the winter down there. Walter Goltra is connected with a large clothing store and is doing well.

Mr. Burger is much pleased with his trip and comes back feeling very well.

EXCITING RUNAWAY.

Yesterday afternoon a team from the packing establishment of Swift & Co. swept from East College avenue into South Main street and to the square. The wagon was well loaded and just a box of meat as the rig turned. Several shoelers their best at the rushing team but without effect. Finally Clarence Phelps, who works for Beasly Bros., caught a line at one side and lunged on till he stopped the horses and mounting the seat in triumph drove them back in search of the proper driver. They say this was the second runaway the young man has stopped within a short time.

The Sound Sleep of Good Health. Is not for those suffering from kidney ailments and irregularities. The prompt use of Foley Kidney Pills will dispel backache and rheumatism, heal and strengthen sore, weak and ailing kidneys, restore normal action and with it health and strength. Mrs. M. E. Spaulbury, Mt. Sterling, Ill., says: "I suffered great pain in my back and kidneys, could not sleep at night and could not raise my hands over my head. But two bottles of Foley Kidney Pills cured me." J. A. Obermeyer, City Drug Store.

Bert Olroyd of Litchberry was transacting business in the city yesterday.

STUDENTS RECITAL

Advance Pupils of Conservatory of Music Heard in Pleading Program.

Students of Mr. Menger (piano), Mr. Kitch (violin and composition), and Miss Oldfield (voice), took part in a program given last evening in recital hall. An interested audience was present, showing appreciation of every number. Each department was well represented, and the program was one calculated to show a variety of accomplishments on the part of the students. There was a finish and repose in each work which did credit to their instruction. The accompaniments for violin and voice were played by Mr. Kitch, Miss Oldfield, Miss Rose Bellatti and Miss Carrie Dunlap. Miss Dunlap appeared on the program with a composition of her own, a Rhapsody for violin, played by Dean Cochran. The list of numbers was as follows: Canonette, D major (piano) E. Schuetz

Ellen MacCurley.

Air de Ballet (piano) Moszkowski

Eva Triplett.

Humoresque, Wickenburg (violin) Tor Aulin

(Accompanist, Miss Rose Bellatti.)

Carrie Dunlap.

Valse Coquette, from Ballet "O

Mitake San" (piano) R. Friml

Margaret Eagan.

Duet for soprano and baritone "Oh

that we two were Maying!" Henschel

Winifred Hubbell, Louis Shrewsbury

Dance of the Rose Elves, from bal-

let, "Laurin" (piano) Moszkowski

Helen Phelps.

Dudrizarz (mazurka) violin Wieniawski

Wienawski.

Rhapsody, B minor (piano) Brahms

Durrell Hatfield.

Un Baiser (voice) Fontanilles

Winifred Hubbell.

Adagio from Sonata Pathetique

(piano) Beethoven

Mae Ainsworth.

Reverie (violin) C. Dunlap

(Accompanied by the composer.)

Dean Cochran.

Two Waltzes, A flat major and E

minor (piano) Chopin

Lorine Dewese.

This is the season of the year when mothers feel very much concerned over the frequent colds contracted by their children, and have abundant reason for it as every cold weakens the lungs, lowers the vitality and paves the way for the more serious diseases that so often follow. Chamberlain's Cough Remedy is famous for its cures, and is pleasant and safe to take. For sale by all dealers.

LIVED ON RAW EGGS

Mr. Richard's Experience With Different Diets. Peaches and Buttermilk for Three Years.

Cecilton, Md.—Mr. George Richards, of this place, during the past 12 years, has probably tried more different diets than the average person would ever use in a lifetime.

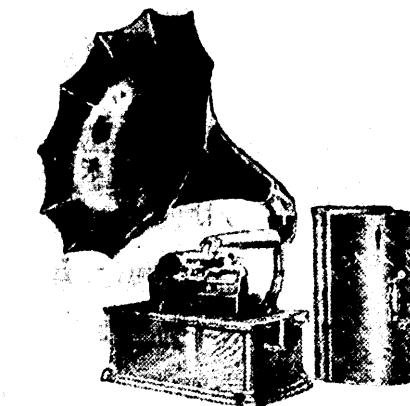

What he has to say about his experiments, must therefore, be highly interesting to anyone suffering from indigestion or stomach troubles of any kind.

He says: "For more than 12 years, I suffered with stomach troubles, and paid hundreds of dollars for doctor bills and medicines. I was also operated on for piles.

I lived on dried peaches and buttermilk for nearly three years. The only thing that would not give me pain was raw eggs. I was a physical wreck. I could not sleep, and was as near crazy as a man could well be.

I must say that after taking two 25-cent packages of Theodor's Black-Draught, it did me more good than all I ever spent for other medicines.

I have been working daily on the farm ever since, and I am as hard as iron." This purely vegetable remedy has been in successful use for more than 70 years. Try it. But be sure that it's "Theodor's."

Grain Letter.

Wheat—Lower cables brought about slightly easier opening, but market has been quiet and firm all day. Primary receipts still continue large, while cash demand shows very little signs of improvement. The Canadian Northwestern Grain Dealers' association report shows 27,000,000 bushels of wheat in farmers' hands in that country yet to be marketed, is bullish. Weather conditions favorable for winter wheat, considerable precipitation being shown over the holiday. World's shipments are estimated to show some increase. Foreign markets all lower. Most of the outside interest is being shown in July. Believe that purchases of the latter future on locals will prove profitable. Corn—Firm with local crowd playing the bull side. Several of the larger speculators were re-investing bids sold out on the recent break. Primary receipts were large at 2,071,000 bushels, but cash prices were strong and higher. We believe there is enough corn in country elevators and bought from farmers yet to be delivered to keep receipts at terminal markets large for ten days or two weeks. Southwestern demand still continues good, but with warmer weather it will be extremely dangerous to ship corn that way. For the present we believe sales of May corn on hard spots will prove profitable. At the present discount for 3 and 4 grades, elevators find it very profitable to operate their dryers. Stocks of corn ought to show considerable increase.

THE BLESSING OF MOTHERHOOD

Healthy Mothers and Children Make Happy Homes

Motherhood is woman's highest sphere in life. It is the fruition of her dearest hopes and greatest desires; yet thousands of noble women through some derangement have been denied this blessing.

In many homes once childless there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound made swollen normal, healthy and strong.

San Antonio, Texas. "To all women who desire to have children in their homes and to be well and happy I recommend Lydia E. Pinkham's Vegetable Compound."

I suffered from a displacement and other female weakness. Lydia E. Pinkham's Vegetable Compound was the only remedy that ever helped me, and now I am a happy mother and highly recommend your medicine to all my friends."—Mrs. A. B. MARTINEZ, 121 S. Laredo St., San Antonio, Texas.

Brooklyn, N.Y. "I was ailing all the time and I did not know what the matter was. I wanted a baby but my health would not permit it. I was nervous, my side ached and I was all run down. I heard that Lydia E. Pinkham's Vegetable Compound was good and took the medicine. I have now a beautiful baby and your Compound has helped me in every way."—Mrs. J. J. SREWART, 290 Elmwood St., Brooklyn, N.Y.

HELD ANNUAL MISSION CONFERENCE

Representatives of Several Counties Met Friday at Central Christian Church—Interesting Program Carried Out.

The annual foreign missionary district convention of the Christian church assembled in the Central Christian church of this city Friday morning with representatives from Greenville, Tallula, Mt. Sterling and various other points, all interested in aiding and obeying the great command of the Master before he ascended. A great inspiration was the presence of Rev. E. W. Allen of Kansas City, secretary of the Foreign Missionary society; Rev. C. P. Hedges, a noble young man, a returned missionary from the Congo, and Rev. H. P. Shaw and wife, so well known and dearly beloved by many in this community.

The principal feature of the morning session was an address by Mr. Allen, who took for his text the words "And they continued steadfastly in the apostles' doctrine and fellowship and in breaking of bread and in prayer."

A few points only of the address are given: "I am glad to see more attention paid to the manner of service. There should be enough form about it to give it dignity and impressiveness. It is never more than a time when there was so much need of Bible study in our land as at the present time. How our families have daily worship. Parents are in too great a hurry to get the children off their hands and send them to the kindergarten and do not want other things to accompany the end when they should devote themselves to the teaching of the children at home. And now we see teachers having mothers' meetings to tell the mothers how to raise their children. Far too much are the children left to the church and Sunday school for their religious instruction."

"The great trouble is we are all too selfish and want our own way, but if we had it, it would be anarchy and that would be hell. In Kansas City a fourth of the marriages are failures because each is too selfish and unwilling to do right. Paul tells us vividly of the sufferings he endured, scourges, stonings, sawdust, perils from so many causes, and yet he says he had learned in whatsoever situation he was placed therewith, to be content in the vision on the way to Damascus he saw his Lord; asked him what he would have him to do and he did it. He had the secret of happiness. We are not fully satisfied with what we have. A woman in our new house, planted by herself, would have it a little different if she had it to do over again. When the Lord appeared to the disciples, he said to them, 'Follow me, and I will make you fishers of men.' Simon Peter, who he loved him more than the fish and caught. Whosoever joins the church agrees to take Christ as his guide. If every person in Jacksonville honestly tried hard to do this we would all want to come here to live. I would have over every church door:

"The business of this church is to recruit men to God."

"I am glad the church is becoming more apostolic and doing more in spreading the gospel at home and abroad."

"There is a vast portion of Tibet unexplored and Dr. Shelton is the only man who can go there unattended, for any one else would be killed. He goes to a village with his native servants and helpers, enters a village, spreads his tent and begins to prepare supper. One man will cautiously approach; the doctor will address him in the native language and the villager will sit down. Soon another will cautiously approach and sit down. They have stories and he will sit among them hearing theirs and then tells them he has the best one yet; they ask to hear it and he begins with the story of the cross. He keeps on till midnight and they ask for more and it is continued the next day and so an entering wedge is inserted. In over 200 homes were the native idols broken when the people heard the glad story. Dr. Loftus, a faithful missionary, went there and died with in three weeks; God knows why this was. They need teachers and doctors."

Rev. C. P. Hedges, a returned missionary from the Congo, gave an exceedingly interesting account of the work there. They had a missionary conference in his town Oct. 11-17 last and 42 missionaries from nearly all the civilized nations of the world were present. It was a grand time; the native church was filled to overflowing and on the 15th 197 were baptized. Last year 122 were brought in and in all nearly 1,500 have accepted Christ. The natives begged him to ask the white man to send them more doctors and teachers to lead them to Christ. They heard so much about the white man's wealth and wondered why he couldn't do something for them when they were so needy.

When he told them he was coming home for a rest they said they were going to tie him and hide him in the jungle till the steamer left so unwilling were they to have him leave, but he assured them he was only going to take a needed rest and they had him Godspeed with many assurances to the white men bringing doctors and teachers. The gentleman aroused the deepest interest in his noble work.

Rev. H. P. Shaw was introduced to the audience and offered a few words. Maps and charts about the world of the church gave much information and let all know that the word of God is prevailing and the good news spread abroad over all the earth.

After a short devotional session led by Secretary Allen, several short addresses were given by pastors of nearby churches. G. W. Zink of Chambersburg spoke on "The Scriptural Basis of Missions." Beginning with the Old Testament the speaker showed that through the ages God was planning for the salvation of the world. The Jews were called that they might prepare the world for the coming of Christ and men are called into the kingdom to day that they may carry the gospel to the whole world. The Bible throughout is a missionary volume and creates the missionary spirit in the hearts of the followers of Christ.

The second address was given by J. D. Dabney on the "Stewardship of Money." There were many good points in this address, the speaker emphasizing the fact that men are under obligations to use their wealth for the service of God and the welfare of humanity.

L. G. Huff of Mt. Sterling followed, dealing with the question of organizing the church for mission and P. M. Morgan closed the short addresses by speaking on the work of the missionary committee. H. P. Shaw, late of Shanghai, China, was present and gave a most interesting address on his work among the Chinese. Mr. Shaw has been the living link of the Jacksonville Christian church for several years and this fact has intensified the interest in his message and presence. Mr. Shaw spoke of the great changes which are taking place in China—changes affecting the social, religious and civil life of the people, of the work that is being done by the missionaries and the opportunities for a larger work that are found there everywhere. The closing address of the session was given by Secretary E. W. Allen, in which he dealt with the home church as the agent, to carrying on the missionary work, the kingdom. It was a splendid address and a fitting close to the inspiring afternoon session.

A Warning Against Wet Feet.
Wet and chilled feet usually affect the mucous membrane of the nose, throat and lungs and la grippe, bronchitis or pneumonia may result. Take carefully particularly the children, and for the racking stomachic coughs give Foley's Honey and Tar Compound. It soothes the inflamed membranes and heals the cough quickly. Take no substitute. WILL MAKE CLEAR INTERESTING FACTS

Second Annual Report of State Charities Commission Now in Press—Human Side of Institutions Will Be Told.

The second annual report of the State Charities commission, which has just gone to press forms one of the most interesting publications Illinois has yet issued.

It contains the reports of Executive Secretary A. L. Bowen upon his thirty-five visits of inspection to the various state institutions during the year. These reports picture the human side of hospitals for insane, the home for Old Soldiers, the schools for children, the blind, deaf, dependent and delinquent. Scattered among these reports are many stories of unusual character revealing life as it is in these places.

The report contains the recommendations of the commission for the improvement of the state service. A large chapter is devoted to the preparation and distribution of food.

The commission takes radical ground on the care of purely dependent children and suggests a new organization for the State Conference of Charities.

It describes the improvements which have been made during the year, giving the introduction of dentistry into practically all of the state institutions the place of honor as the most humane in many years.

There are descriptions of new buildings. The story of the original cemetery at the Peoria State hospital, which was recently closed after nearly 900 bodies had been buried in it, forms one of the most interesting chapters that has even been written on state charitable institutions. There are detailed descriptions of the Dunham hospital for the insane and Cook county's new infirmary at Oak Forest.

A distinct feature is the chapter on the careless expensive expenditure of public and private funds throughout the state in relief of poor.

There is a description of all the jails and the almshouses in the state during the year. The commission collected from personal investigation in each county the names of all public, semi-public and private agencies doing a charitable work or engaged in sociological study, together with the sources of their revenue, how it is spent, something of its history and many other facts along this line.

This is an entirely new departure in the study of charity in this state and lays the foundation for some reforms which the commission hopes to bring about.

These are only a few of the vital features of the report, which, when it appears will be for free distribution to those who will address the commission at Springfield.

A NOVEL INDUSTRY.
A gentleman at a station in this city saw on the trucks six large bales of some kind of rope. The burlaps and sacks were very securely corded and were large and heavy. Prompted by curiosity he asked what the contents were, as they were consigned to a firm in London, England, and he was informed that they were pelts of coons, mink, wolves, foxes and whatever fur bearing animals were to be found anywhere within a long distance of Meredosia, where a firm which made a specialty of handling such goods and shipping them to Europe is in business. Express charges on this shipment were \$115. The firm ships as high as \$100,000 worth of such goods annually. How many here ever heard of the business?

BROUGHT GOOD PRICE.
N. T. and W. D. Kirby of Springfield recently sold at the horse sale in Chicago, the two-year-old filly, "The Fact," with a record of 2:29 for \$800 the highest price of two hundred and fifty animals sold, except one. N. T. Kirby is well known in Jacksonville, where he was a resident for several years and was engaged in training horses for the track.

NO MORE CONSTIPATION
---WHEE!
It's Me For Olive Tablets!

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and Calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing laxative.

No griping is the "keynote" of these little sugar-coated tablets. They cause the bowels and liver to act normal. They never force them to unnatural action.

It is easy to compel bowel and liver activity for a time with calomel and nasty, sickening, griping castor oil, but the after effects are dangerous, and the real cause of the trouble is often not even touched.

Dr. Edwards' Olive Tablets are so easy to take that children do not regard them as "medicine" at all.

If you have a "dark brown mouth" now and then—a bad breath—a dull, tired feeling—sick headache—torpid liver and constipated, you'll find quick, sure and only pleasant results from one or two little Olive Tablets at bedtime. They're perfectly harmless.

Thousands take one every night just to keep right. Try them. "Every little Olive Tablet has a movement all its own."

10c and 25c per box. The Olive Tablet company of Columbus, Ohio.
